Inside, special modified reclining bucket seats with silver leather inserts with Carmine vinyl trim. Front floor mats with "Indy 500" logo. Distinctive Red/Silver interior treatment with "500" logos tastefully located.

And, of course, performance.

The standard 2.5L engine delivers impressive power with the fully-synchronized 5-speed gearbox. (Automatic transmission also available). Or you can order the 3.0L V-6 for impressive fuel-injected acceleration. (Available with automatic transmission only.) Eagle GT Blackwall tires on special 14x6 Aluminum Alloy Wheels.

Fingertip controls on a "pod" framing the instrument panel give you effortless control. Power-assisted rack-and-pinion steering, power brakes with front discs, MacPherson strut front and semi-independent rear suspension—all standard—give you a pleasurable combination of smoothness and driveability. And, the Firm Ride and Handling suspension adds even more road feel.
